

national carbon farming CONFERENCE & EXPO 2022

ALBURY ENTERTAINMENT CENTRE

PROUDLY HOSTED BY:

CARBON FARMING AND TRADING

COMES OF AGE...

23-26
MAY
2022

ALBURY

Income diversification, productivity improvements, biodiversity benefits – all in one 'bio economy' market

After more than 10 years gaining momentum, several factors now lead to Carbon Farming and Trading trending to mainstream:

- ✓ Much higher aspirational emissions reduction targets both in Australia and internationally
- ✓ Recognition in the corporate world of requirement to show responsible behaviour in the face of the warming, drying trend
- ✓ Willingness of Farmers worldwide to have recognised their vital role as the managers of the carbon cycle
- ✓ A new and increasing market to bring all the facets together

Much more than a conference – over these 4 days, you will get a full education, NOT available anywhere else. **Get equipped with all you need to make decisions around the new Carbon Markets and your Farm.**

YOU'LL LEARN ABOUT:

MORE OPPORTUNITIES – and more ways to interact with the new Carbon Economy

Blockchain Technology

Renewable Energy

Emission Reduction Credits

Soil Carbon Credits

Agroforestry

Water Credits

Carbon Offset Credits

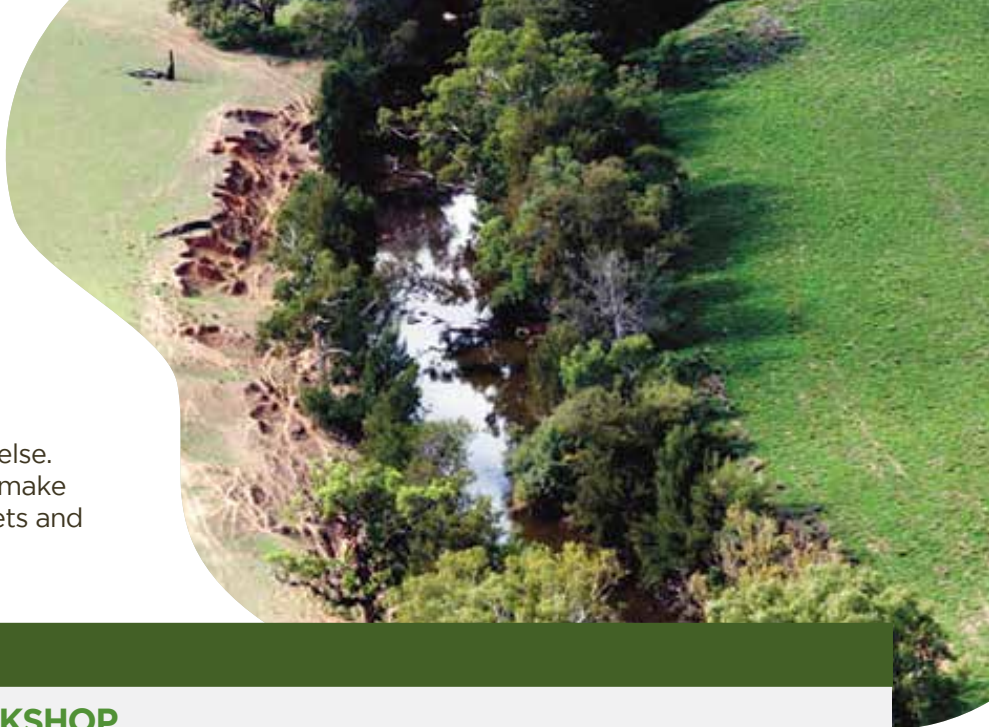

Biodiversity Credits
